

QUALITY LASER CUTTING & METAL FABRICATION

SteinerZ Fabrication delivers high-precision laser cutting, forming, machining, and welding services. Manufacturers can now receive reliability, speed, and tight tolerances—all under one roof.

TECHNICAL HIGHLIGHTS

LASER TOLERANCE

±.005" on
standard materials

TURNAROUND

As fast as 2 weeks.
Expedited options available

CERTIFICATION

ISO 9001:2015

INDUSTRIES SERVED

OEMs | Agriculture | Construction | Oil & Gas |
Power Generation | Truck Bodies | Metal Buildings |
Water Storage

STEINERZ'S CORE CAPABILITIES

Fabrication & Machining

- Flat Sheet Laser Cutting (Tolerance ±.005")
- Tube Laser Cutting (1"–14" square tubing)
- CNC Press Brake Forming (Up to 13')
- CNC Lathe & Milling (Turning diameter up to 15")

Finishing & Post-Production Services

- Powder Coating
- Plating & Galvanizing
- Kitting and Packaging

Welding & Assembly

- MIG and TIG Welding
- Robotic Welding Cells
- Light Mechanical Assembly
- Assembly Optimization
- LaserWelding
